

concerns within a pathway did not meet the definition of one of the CA/N conditions, this will be indicated at the end of the pathway on the CA/N-1 under the heading 'Non CA/N Conditions'. In other words, the allegations within that particular pathway did not rise to the level of child abuse and neglect.

In order for a report to be screened in as a CA/N report, the child must be under the age of eighteen (18) at the time of the call, the alleged perpetrator must have had care, custody, and control of the victim child (for Investigations and Family Assessments), and at least one CA/N condition must be met. When these criteria for accepting a CA/N Report are met, the report is screened in at CANHU as:

- Investigation;
- Family Assessment; or
- Juvenile Assessment.

2.1.2.2 Parameters of an Investigation Response

An Investigation is a classification of response by the Children's Division to a report of child abuse or neglect when there
